The Branch which it is proposed to abolish was only instituted last year after due consideration. The mere fact that the number of appointments covering only three days does not seem to be a sufficient reason for dispensing with the Grade qualification of "6 yrs and experience" accountants cannot satisfy the requirements, they must necessarily give place to more qualified men, even if younger

Sir,

With reference to Government Order No.Fl.5023-5" Gen.Fin.199-07-4 dated 6th April 1908 sanctioning the proposal of the then Assistant Comptroller in charge to hold an examination for promotion from the fourth and third grades of P.W.Accountants to the first two grades, I have the honor to request that the Examination may be abolished

In my opinion the introduction of the Examination into Mysore was quite unnecessary. It was perhaps the result of a desire to imitate the British Indian system in all manners without fully understanding the objects and principles underlying that system. In British India the Accountant General P.W.D. has to control a vast establishment of Accountants working all over India under different Examiners and a common test to which all the men should submit is necessary for selection to the Higher grades. Moreover, the maximum pay of the third grade accountants in British India to which all accountants can rise without passing the corresponding examination is Rs.240/-. Here we have
